

My name is Andressa Vieira, I am the daughter of Débora, Marlene Vieira, WUD Coordinator  
My father is Pr Nef-tali Vieira. He is the coordinator of Courageous Man.

I grew up with Desperta Débora being part of our lives. And what a blessing!

At the age of 4 I made my decision for the Lord Jesus, understanding that she was already a sinner, so small, but a sinner, and was dependent on the love and forgiveness of the Lord Jesus.

I grew up in this family, with my older brother Lucas, all of us, understanding that the best thing in this life is to live for Jesus, that everything God gives us is to be returned to Him, on the Christ-centered journey in favor of other people who are so needy Jesus . As I saw and have learned, and I see my parents, and now my brother, already married to my sister-in-law, who is also a servant of God, to serve God with all our heart, in favor of our neighbor.

With a feeling of responsibility as a Christian youth in Brazil, I want to be part of and believe in a revival in Brazil, and in the world, where God will use us and is already using us as part of it, part of the body of Christ for the salvation and liberation of others. lives.

Thanks to every Deborah who has been praying for my life, thanks to you, who have been praying for my life.

I am waiting in the Lord, among many other blessings that he has already given and I have so much to thank, a boyfriend, fiancé, and future husband, who loves the Lord God above all, and who loves me as Christ loved the church.

I see my parents always praying for this extra blessing in my life, and they also pray that God is preparing me to be a wise wife, a helper, a woman-mother who is salt and light in this world so lacking in God's love.

Andressa Vieira... I thank you Déboras, and pray for me and for hundreds of children, teenagers and young people who are in the battle of a Christocentric walk with God every day.
